16. Students Attendance Regulations

Attendance for all classes is compulsory. Students are expected to attend all classes for which they are enrolled from the first day of the semester. Students are also expected to be punctual. Although lateness might sometimes be unavoidable, persistent lateness is not only disruptive to other students but is also harmful to student comprehension. A student who is 15 minutes late for his/her class will be recorded as absent and the teacher has the right to deny him access to the class.

Bayan College policy on students' attendance states that:

- 16. 1.** If a student misses classes he/she is warned as follows:
 - a. The first warning will be issued to the student if he/she misses 10% of the teaching hours.
 - b. The second warning is issued if the student misses 20% of classes.
- 16. 2.** If a student misses 20% of the teaching hours, he/she will be excluded from sitting the final exam.
- 16. 3.** A student who is absent from a pre-announced examination (quiz, mid-term -final) will receive a failing grade unless a legitimate excuse is presented and approved by the Grievance Committee.

16. 4. A student who misses a final exam for a legitimate excuse and approved by the Grievance Committee will be allowed to sit for a make-up exam while a grade of incomplete “I” will be posted on his/her record until the result of that exam is announced. He /she must sit for a make-up exam, as scheduled by the college. If a student fails to appear for the make- up exam within this period he will be given zero.
16. 5. Legitimate excuses do not cancel absences and are considered only when students apply for course withdrawal.
16. 6. We, at Bayan College, define a legitimate excuse as follows:
 - a. Illness of the student or serious illness of a member of the student’s immediate family.

- b. If a student is absent from any exam without legitimate excuse he/she will receive “F” grade.
- c. The total mark for any course is 100, it is the sum total of the final exam, mid-term exam and semester work. Semester work is the sum total of quizzes, assignments, presentations and reports assigned and approved by the Department Council. These marks should be announced to the students;
- d. The Final Exam for each course is conducted once at the end of the semester. The questions should cover all the taught items.
- e. The final mark for any course cannot be modified except by the Grievance Committee, after obtaining the approval of the College Council. If he/she fails to appear on that date he/she will be given “F” grade.

- g.** Students must repeat all the failed courses in accordance with the rules and regulations of the College. A student cannot repeat a course he has already studied and passed with “C” grade and above.
- h.** Make-up exams are conducted for students who didn’t show for the Final Exam based on the following:
 - The student’s absence from the Final Exam was due to an excuse accepted by the Grievance Committee;
 - This exam is conducted on the second week of the semester that follows the semester in which the student didn’t sit for the Final Exam;
 - Grade “I” is given to the student who missed the Final Exam and his excuse was accepted;

20. Assessment Regulations

20. 1. General Foundation Program Assessment

Non-credit bearing courses (such as General Foundation Program courses) do not affect a student's GPA. However, it is considered a pre-requisite to pass all the Foundation courses (with a grade of 50% or higher) in order to progress to the next level of General Foundation Program.

20. 2. Assessment in Academic Departments

Continuous evaluation of a student's academic performance employs a variety of assessment tools such as homework, exams, quizzes, projects, research papers, written and oral presentation, class participation, etc. Successful completion of a course requires students to score a minimum of 50%. Students scoring lower than 50% in any given course will receive an F grade and must repeat the course.

21. Grading System

- a. A student has the right to get a detailed report from Admission and Registration Department of his GPA and AGPA.
- b. The report is free of charge for the first time. An additional copy will be charged OR (1) for each copy.

The following grading system shall be used to measure a student's achievement in any academic course and determine a student's Grade Point Average (GPA).

Marks (%)	Letter Grade	GPA points	Definition
95-100	A	4.0	Excellent
90- 94	A-	3.7	
85- 89	B+	3.3	Very Good
80- 84	B	3.0	
75- 79	B-	2.7	
70- 74	C+	2.3	Good
65- 69	C	2.0	

60- 64	C-	1.7	Satisfactory
55- 59	D+	1.3	
50- 54	D	1.0	

22. AGPA (Accumulative Grade Point Average)

- The AGPA (sometimes called CGPA which stands for Cumulative Grade point Average) is a figure that reflects the grade point average for all classes students have taken and for classes for which they have received credit (pass or fail). For incomplete student, an AGPA is calculated only after settling such course i.e. sitting for a make –up or missing the chance for doing that.
- A student’s AGPA upon graduation is decided by the average of all the study plan courses he successfully passed
- SGPA (Semester Grade Point Average) is the average of all course studied by the student in a semester.
- The average is calculated by multiplying mark obtained in each course by number of credit hours, then divided by total number of credit hours.
- Averages are rounded to the nearest fraction.

GPA Calculation (Example)

First Semester

Course	Credit Hour	Grade	Grade Weight	Points
Course A	3	C+	2.3	6.9
Course B	3	A-	3.7	11.1
Course C	3	B+	3.3	9.9
Course D	3	B	3	9
	12			36.9

The total grade points earned divided by (\div) the total hours attempted
 $36.9 \div 12 = 3.07$ (first semester SGPA)

Second Semester

Course	Credit Hour	Grade	Grade Weight	Points
Course A	3	C	2.0	6.0
Course B	3	D+	1.3	3.9
Course C	3	B	3.0	9.0
	9			18.9

The total grade points earned divided by (\div) the total hours attempted
 $18.9 \div 9 = 2.1$ (second semester SGPA)

How to calculate GPA?

The total grade points of previous semesters divided by (\div) the total hours attempted: $(36.9+18.9) \div (12+9)$

$$55.8 \div 21 = 2.65 \text{ grade "C+"} = \text{Good}$$

23. Academic Probation

- a.** All students are required to maintain a Cumulative Grade Point Average CGPA of 2.0 or higher. A student whose cumulative GPA falls below 2.0 at the end of a semester, except the first semester and Summer Semester, is automatically placed on **Academic Probation**. The Admission and Registration Department will inform the student and hand on to him/her their AGPA report. This report also shows how many times a student has been under academic probation. The student will receive a warning letter from his/her Academic Advisor. It is the responsibility of the student to inform his/her family.
- b.** In case the student is enrolled in the Academic Program during Summer Semester, the semester that follows it must be counted as the first semester in calculating the number of times he/she is placed under-probation.
- c.** The student who gets the first Academic Warning has to raise the CGPA within two successive semesters (excluding Summer Semester).
- d.** Failing to do that for two successive semesters (excluding the Summer Semester) after the semester when he was placed under probation, a student will be advised to change his/her major or go to another college.
- e.** The College Council has the right to grant a student the chance to continue his/her studies after being placed under-probation for three successive semesters. In case he/she gets a CGPA of at least 1.8, he/she can be granted one more chance.
- f.** A student is cleared off the under-probation status once his/her CGPA becomes 2 or more by the end of any semester.
- g.** Under probation student is only allowed to register 12 credit hours.
- h.** For graduation a student's AGPA must be 2.0 or more; otherwise he has to repeat courses he already passed with a grade less than "C".

30. Internship & Training Policy

Bayan College believes that providing the students with opportunities to apply what they learn in the classrooms to practical situations is very essential to its overall teaching and learning strategy. It is difficult, though the teachers try their best to that end, to convey in a classroom the full experience of real work environment, particularly the practical wisdom and perspective that one gains only by spending time at the work site. This experience exposes them to the practical side of their theoretical knowledge base at an organization of their choice under the supervision of professionals (one from the College and one from the organization). At the end of the training period both supervisors provide a detailed report about the process of training and the student performance. This report is to be sent to the College.

In addition, because they are working with a supervisor as well, they integrate theory and practice in such a way that effectively contributes towards their academic and professional growth. Many students discover new career possibilities as a result of completing an internship program. We consider such a program not only as a learning opportunity for the participants but also a prospect for all employers in their continuous endeavor for talent hunt. The College is very keen on sending its best students to different firms as goodwill ambassadors who spread knowledge wherever they go.

30. 1. Internship General Requirements
