Under the patronage of H E Ali bin Khalfan al Jabri, Undersecretary of the Ministry of Information, Bayan College held a forum under the slogan 'For Oman, we communicate', the first media statement forum. H E Jabri expressed his happiness during his conversation with students and media correspondents who attended the forum.

He stressed on the importance of this forum for the activities carried out by the students of Bayan College and the members of the Oman Journalists Association. He pointed out that the signing of the students from the Bayan College on the Media Charter in Oman, which was accomplished by the Oman Journalists Association, reflects a deep understanding by the college about the importance of these charters.

He emphasised the support of the Ministry of Information for such media gatherings as the members of these colleges see many things and open their

eyes to many facts and bring them closer to the decision-makers such as editors of the Oman News Agency and editors in other media organisations.

The first media conference

was attended by the chairman and members of the Board of Directors of the Oman Journalists Association, a number of local newspaper editors, a number of Omani media personalities and a group of activists on

the social networking sites to discuss ways to improve the performance of the activists on social networking sites in order to serve their country and the Omani people. The meeting also witnessed the signing cer-

emony of the students of Bayan College on the Charter of Honour in the sultanate, prepared by the Oman Journalists Association.

building that contributes to the service of Oman as it moves towards the bright future and better tomorrow under the leadership of His Majesty Sultan Qaboos bin Said.

The participants in the forum

contribute to the youth of Oman in promoting the cultural achievements of the sultanate and promoting the values and principles of building and peace established by His Majesty the Sultan. She added that since the foundation of the statement by Dr Juma al Ghilani in 2006, it has established itself in accordance with the vision of its founder to contribute to the service of the society and its requirements in promoting and upgrading.
